

K-LOVE is a radio station that broadcasts from California. This is a solid Christian Radio Station that is supported by listeners (it has no commercials!). The Grand Junction area does not have an alternative to this station. I know there are a lot of people in this area that listen to K-LOVE because you see them singing in their cars!!! I believe that it is refreshing and calming to have a non-commercialized Christian radio station and do not want to think about it being replaced by an LPFM broadcaster providing other programming! Thank you for your attention to this matter.
